## Year 2 Key Objectives Taken from the National Curriculum

| 1 | Count in steps of 2, 3, and 5 from 0, and in tens from any number, forward <br> and backward |
| :--- | :--- |
| 2 | Recognise the place value of each digit in a two-digit number |
| 3 | Compare and order numbers from 0 up to 100 ; use <, > and = signs |
| 4 | Use place value and number facts to solve problems; recall and use addition <br> and subtraction facts to 20 fluently, and derive and use related facts up to <br> 100 |
| 5 | Add and subtract numbers using concrete objects, pictorial representations, <br> and mentally, including: TU+U, TU+T, TU+TU and U+U+U |
| 6 | Recognise and use the inverse relationship between addition and subtraction <br> and use this to check calculations and solve missing number problems. |
| 7 | Recall and use multiplication and division facts for the 2,5 and 10 <br> multiplication tables, including recognising odd and even numbers |
| 8 | Calculate mathematical statements for multiplication and division within the <br> multiplication tables and write them using the multiplication ( $\times$ ), division ( $\div$ ) <br> and equals (=) signs |
| 9 | Recognise, find, name and write fractions $1 / 3,1 / 4,2 / 4$ and $3 / 4$ of a length, <br> shape, set of objects or quantity |
| 10 | Write simple fractions for example, $1 / 2$ of $6=3$ and recognise the <br> equivalence of 2/4 and 1/2. |
| 11 | Recognise and use symbols for pounds ( $£$ ) and pence (p); combine amounts <br> to make a particular value |
| 12 | Tell and write the time to five minutes, including quarter past/to the hour <br> and draw the hands on a clock face to show these times |
| 13 | Identify and describe the properties of 2-D shapes, including the number of <br> sides and line symmetry in a vertical line. |
| 14 | Identify and describe the properties of 3-D shapes, including the number of <br> edges, vertices and faces |
| 15 | Interpret and construct simple pictograms, tally charts, block diagrams and <br> simple tables |
